

A Message from the Chair

As part of the United Way's *Leadership Circle*, you are the foundation for our success – you help drive real, lasting change in the many communities we serve. Thank you for your past support! I encourage you to consider donating at the Leadership Level again - \$500 or more - knowing that your contribution is so meaningful in so many ways.

United Way of Mid-Maine programs help:

- Families and individuals get their basic needs met
- Children learn new skills to succeed
- Provide support for our senior citizens to live independently in their homes

In these tough times, you probably know a friend, neighbor, or even a loved one who has been in a vulnerable situation and depended on the United Way for support or information. The United Way of Mid-Maine and its 27 community partners are a bridge to the important resources many in our community need every day. And now United Way of Mid-Maine needs your continued help to ensure that those services are available today and tomorrow.

For every dollar contributed, for every hour volunteered, for every United Way message you share – countless lives are improved and our community is strengthened. Your generosity makes it happen! Thank you for supporting the United Way of Mid-Maine.

John Dalton, Leadership Circle Chair
